BE EQUIPPED FOR THE WORST WITH DATREX!

Datrex Emergency Preparedness Products are approved and used globally in emergency situations such as earthquakes, flooding, hurricanes, terrorist attacks and survival situations.

Our products are supplied to Governments, Schools, Companies, Disaster Relief Organizations, Shipping Industry and Families. The aim is the same - adequate nourishment and survival in tough times!

Our Drinking Water and Food Rations are packaged/produced with natural ingredients only and under the strict rules of American Authorities...and the USCG.

“When you are confronted with the worst, Datrex products are at their best.”
Datrex Emergency Food Rations and Drinking Water have a 5 year shelf life and are approved globally for use in liferafts, lifeboats and in any other emergency situations such as earthquakes, flooding and hurricanes where food and water supply can be at stake.

The high energy ration is tabletized/subpackaged and ready to eat. It is compact and not thirst provoking. Only natural ingredients are used, (no preservatives or nuts), Wheat flour, Vegetable shortening (soybean oil), Granulated sugar (cane sugar), salt, water and coconut flavoring.
